Young Woman Inhales Gas in Futile Effort to Die

TRIES SUICIDE AFTER LOSING HUSBAND

Mrs. E. C. Rolland Found Lying Unconscious on Bed By Sister.

Spouse Recently Brought Suit for Divorce and Wife Despondent.

In the depths of despair because her husband had separated from her, Mrs. E. C. Rolland, who has been living with her parents at 222 Ninth street, attempted to end her life last night by inhaling illuminating gas and was only saved in the plan by the quickness of her sister, Stella Benjamin.

Mrs. Rolland, who is but a little more than twenty-one years old, was married about four years ago to her husband, who is a clerk in a San Francisco office. The young couple lived happily for several years, but a minor quarrel grew to such proportions as to make a gulf between them, and the young woman is said to have despaired of a renewal of their former happiness. Both returned to their parents.

CHARGED CRUELTY.

On August 6, 1910, Rolland filed a suit for divorce in which he charged his wife with intemperance and extreme cruelty. He also stated in the complaint that she had been intoxicated on the night of June 30 and had attempted to asphyxiate them both by turning on the gas. Mrs. Rolland in her answer to the suit denied all the charges and asked for \$1 a month alimony.

Mrs. Rolland had been greatly exercised over the divorce suit and the separation from her husband and last night she made preparations to end her life. Early in the evening she told her mother and sister that she was not feeling well. She went to her room and locked the door.

A few minutes later her sister Stella, passing along the hallway, noticed the escaping gas and tried vainly to open the door of her sister's bedroom. Finding she could not get in, she called to her sister, and a neighbor, she broke down the door with an axe and found Mrs. Rolland lying unconscious on the bed.

SUFFERS FROM EFFECTS.

Miss Benjamin summoned Dr. C. C. Hyde of 532 Eighth street and after more than an hour's work the would-be suicide was restored. Her body was cold, but she was not out of danger, although she is very weak from the effects of the gas she had inhaled.

Her mother, Mrs. M. E. Benjamin, blames the trouble between the Rollands on the parents of the young man. She said this morning that the domestic trouble between her daughter and Rolland would have been settled long ago if it were not for the interference of his family.

Girl Gets License to Wed Two in 4 Days; Jilts No. 1

For ways that are dark and trick that are vain in the matrimonial line Dan Cupid has manifested a remarkable peculiarity in the case of some San Francisco couple. The girl, who is a beauty, has been jilted by her first lover in the last four days two licenses to marry a corresponding number of men. Early last Monday morning Miss Keton, accompanied by Samuel Keton, her father, and Franklin David McAfee, Santa Barbara, called at the office of County Clerk and secured a license to wed McAfee. She gave her age as 22 and her residence as Vallejo. McAfee said he was 24.

ELIMINATED FROM HEART. Under what circumstances McAfee was eliminated from the girl's heart is something that Cupid is still keeping a secret, but the fact remains that the Santa Barbara young man was either "bounced" after the marriage license was issued or got "cold feet" at the last moment, because the doors of the County Clerk's office had been open hardly an hour this forenoon when Miss Keton and her father, accompanied by another young man, strolled up to the license counter and asked for another permit.

This time Miss Keton gave her residence as Oakland, while the young man who so suddenly and mysteriously supplanted McAfee in her heart gave the name of Edward Morgan Knight, his age as 36 and his residence as Oakland.

Leslie Barnard Guilty of Embezzlement, Verdict

After deliberating over the evidence for about five hours today the jury that sat in the case of the People against Leslie L. Barnard, who has been in trial in the criminal department of the superior court for about a month, returned a verdict at 2:45 this afternoon to Judge Everett J. Brown finding the prisoner guilty of felony embezzlement. Counsel for the defendant immediately gave notice of appeal and Judge Brown set Monday next at 10 o'clock as the time for passing sentence.

Barnard's prosecution was the outcome of charges preferred against him by the Sherry Flour Company to the effect that while employed in its Oakland office as bookkeeper and cashier he stole in the neighborhood of \$23,000, the alleged pecuniaries covering a period of about two years.

The specific charge on which Barnard was tried was the embezzlement of \$500. He was accused of having falsified his accounts and manipulated his adding machine in such a manner as to cover up his alleged shortage.

Barnard's trial was a bitter legal fight from beginning to end. Chief Deputy District Attorney Carey appearing for the people and Attorney Hugh S. Goodfellow of San Francisco acting as special prosecutor for the Sherry company. State Senator Frank McGowan and Judge P. A. Cudler were counsel for Barnard.

FATHER AS CHAPERON.

Father Keton acted as master and pilot of his daughter's nuptial voyages on both occasions, taking upon himself the responsibility of answering all questions for his daughter and seeing that inquisitive strangers were kept from intruding upon the business in hand.

Leaving the County Clerk's office, Miss Keton and Knight, with the young woman's father in the lead, headed for the office of Justice of the Peace Quinn, on Broadway, to have the ceremony performed.

Girl Hurlled From Her Motorcycle; Near Death

ALAMEDA, Oct. 27.—Unconscious since she was thrown from her motorcycle at Wood street and Buena Vista avenue at 11:15 o'clock this morning, Miss LeRoy, the 16-year-old daughter of Mr. and Mrs. J. D. Rogers of 1134 Pacific avenue, is lying between life and death. She is suffering from a fractured skull and of internal hemorrhage. Miss Rogers started out alone on the motorcycle for the first time this morning.

Although she had been accustomed to riding with her brother, Kenneth Rogers, who had never operated the machine herself, and it was beyond her control. Leaving Wood street and Buena Vista avenue at full speed she found that she could not stop the machine, and in her nervousness ran it into the curb. Hurlled from her seat, she was thrown a distance of several feet, landing on her head.

SKY TOURISTS BREAK ALL RECORDS

American Air-men, Hawley and Post, Set New World Mark by Traversing 1350 Miles.

'We Are Well and Very Happy' Is Message They Flash Back to Friends.

CHICOUTIMI, Quebec, Oct. 27.—It must have been some mythical "S. O. S." transmitted in their belief through almost impenetrable wilds of upper Saguenay district of Quebec province, which brought sorely needed assistance to Allan R. Hawley and Augustus Post of the America II and enabled them to report their achievements—the winning of the international balloon race and the establishment of a new world's record for sustained balloon flight. At least this is the way the aeronauts were inclined to view the matter after enjoying some good food and indulging in several hours of sleep in comfortable beds in this town instead of under blankets on snow-covered ground. They left here at 7 o'clock this morning for Quebec, where their train was due 12 hours later.

TRIP IN FOREST.

Despite the hardships encountered following their landing high upon a wooded mountain side, October 9, after an air trip of 1350 miles from St. Louis in about 44 hours, the sky sailors expressed themselves enthusiastically regarding the pleasure of the trip. They admitted, however, that one of the pleasant incidents of all was their meeting two trappers after four days of wandering through forests and their velvet skins which permitted only small-like progress.

The motion of the high carpen, they said, in their wood trip took them down winding streams to St. Ambrose, was quite as enjoyable as that of the car of the America II, which during the last few hours of flight was heavily buffeted by the snow storm that made their landing necessary.

GLAD TO ESCAPE.

St. Ambrose looked good to them, weary as they were, and they took them down winding streams to St. Ambrose, was quite as enjoyable as that of the car of the America II, which during the last few hours of flight was heavily buffeted by the snow storm that made their landing necessary.

BALLOON IS GONE.

"It is unlikely the balloon will be recovered," said the local authorities.

Attorney for Crippen Appeals From Verdict

Action May Be Expedited, but It Will Not Interfere With Execution.

LONDON, Oct. 27.—Solicitor Newton entered an appeal in the court of criminal appeals today from the verdict of the criminal court which found his client, Dr. Hawley H. Crippen, guilty of the murder of his wife and sentenced him to death on November 9.

The appeal may be expedited, but it will not interfere with the execution.

Revolutionists in Greece Have Captured Athens

Royal family of Greece, which according to reports now faces banishment from a revolution.

All Wires to Capital of King George Are Down; National Assembly Was Dissolved Yesterday

BERLIN, Oct. 27.—There is a persistent rumor in semi-official circles today that a revolution has broken out at Athens.

Telegraphic inquiries sent to the Greek capital this afternoon have elicited no response.

Yesterday a brief message was received from Athens saying King George had dissolved the National Assembly.

On Monday the Cabinet resigned, but the King refused to accept the resignations, commanding them to continue their attempts to arrive at a program that would placate the revolutionists.

The young officers in the navy are said to be at the head of the revolutionary party.

Peoples Water Co. Elect Officers

Frank C. Havens Made President and Is Added to the Corporation Directorate.

Following a meeting of the stockholders of the Peoples Water Company yesterday afternoon, the board of directors met and elected the following officers:

Frank C. Havens, president; Frank A. Leach, vice-president; J. Y. Eccleston, second vice-president; S. M. Marks, secretary-treasurer; William Cavalier, assistant secretary.

The old board of directors was re-elected with the exception of L. G. Burpee, retired, who was succeeded by Frank C. Havens. The other directors are Frank A. Leach, J. Y. Eccleston, H. C. Capwell, George N. O'Brien, A. W. Naylor and Wickham Havens.

Dr. Grant Nervous As His Trial Begins

Accused Murderer of Eva Swan in Court as Work of Selecting Jury Starts.

SAN FRANCISCO, Oct. 27.—The trial of Dr. Robert Thompson, alias James Grant, accused of the murder of Eva Swan, the Paso Robles school teacher, and the subsequent mutilation and attempt at the destruction of her body, began this morning before Superior Judge Durne.

The work of selecting a jury was immediately commenced. District Attorney Flickert and Assistant District Attorney Brennan having charge of the prosecution.

The murder charge is the one being tried, and Thompson seemed ill at ease as he sat beside his attorneys, Robert Ferrall and Fitzpatrick and Greeley. Neither Marie Messerschmidt, his companion, nor the other witnesses were present during the session.

WITNESSES QUERIED TODAY

Establishing Fact of Deaths in Los Angeles Times Building Explosion

San Francisco Police Are Still Waiting for Appearance of Earl Rogers

Subpoenas for Northern Witnesses Have Not as Yet Been Served

LOS ANGELES, Oct. 27.—

The special grand jury impaneled to investigate the destruction of the Los Angeles Times began its work today with the examination of witnesses summoned to establish the fact that twenty-one persons met death in the explosion. This was the first act in the inquiry which is expected to result in indictments that may lead to a sensational legal struggle.

Twenty-one identification witnesses, all parents, wives or other close relatives of the explosion victims, were examined.

All had previously testified at the first hearing of the coroner's inquest and the fact that they were called on again to repeat their testimony indicates that the grand jury intends to go over the whole ground from the beginning, regardless of what is brought out before the coroner's jury, which will resume the inquest tomorrow.

ENGINEER TESTIFIES.

The only other witnesses to testify at the morning session besides the relatives of the dead was Wm. Mulholland, chief engineer of the Los Angeles aqueduct. Mulholland was a member of the committee appointed by Mayor Alexander to investigate the explosion and which reported that the disaster had been wrought by charges of nitro-glycerin or one of its products, planted in the alley back of the Times building.

Mulholland took with him into the grand jury room a chart of the Times building and plant as it was prior to the explosion. It showed in detail every department of the plant and marked upon it was the spot where, in

Fishing Schooner Lost in Gale and All on Board Perish in Trying to Land

ST. JOHN, N. F., Oct. 27.—Word reached this city today of the loss of the Newfoundland fishing schooner Golden Arrow, with her crew of seven men, yesterday in St. Mary's bay, 70 miles southwest of St. John's.

During a heavy gale and thick weather the schooner, stranded on the rocky beach, the crew perishing in an attempt to find a landing place.

Since October 10 at least 33 lives have been lost in storms which have swept the coast.

PRESIDENT TAFT WILL NOT PERMIT POLITICS TO RULE IN SELECTION OF TARIFF EXPERTS

WASHINGTON, D. C., Oct. 27.—With a further desire to keep the tariff board entirely out of politics, President Taft has directed that under no consideration shall investigators or experts be appointed by the board for political consideration. The President had thought that his position in regard to the work of the tariff board was thoroughly understood, but a recent application for appointment in which the candidate urged himself because of his party labors called out an order from the President.

In a letter addressed to the backers of this political candidate President Taft said:

"I have directed my office to indicate in all communications on the general subject of appointment on the tariff board that I desire those employed as experts to be employed for merit alone, and entirely regardless of their service to any political party."

Fire Marshal's Expense Account Held Up By Board of Works for Inquiry by Auditors

BILL CAUSE OF DISPUTE AT MEETING

City Engineer Turner Protests
Several Entries of
"Incidentals."

Mayor Mott and Official
Engage in Dispute Over
Ball's Eastern Trip.

An expense account of \$688.65 for two months spent in the East by Fire Marshal N. A. Ball, attending a convention and visiting factories where fire apparatus is manufactured, which included numerous references to "incidentals" was the occasion of a lengthy discussion between Mayor Mott and City Engineer Turner, at a meeting of the Board of Public Works, and the bill was finally referred to City Auditor Gross to be gone over in detail with the fire marshal. City Engineer Turner objected strenuously to what he considered sending city officials on "joy jaunts" across the continent, and gave notice that if the practice was a legitimate one, he would make application for a trip to Europe next spring to study municipal engineering in Paris.

TURNER REFUSES.

The bill was presented in due form to the Board of Public Works and explained that Ball had been attending to city business. Turner immediately refused to vote in favor of it. Mayor Mott declared that in large cities it was customary to send city officials to other municipalities to study the most approved methods in use, and that this custom also served to advertise the city and to place it on the map. He said he found no objection to the bill.

"The city is neither an educational institution nor an advertising agency," commented Turner. "We might as well organize a correspondence school. The Chamber of Commerce, the Merchants' Exchange and other civic bodies should attend to the advertising of the city. I don't believe in this sort of thing, and I don't believe the taxpayers would approve of it either. If it's a good plan, I would like to take a trip to Europe next spring."

"It might put more backbone into you," answered Mayor Mott, smiling. "I think it would do you good."

The retort was given with a smile and received with one, but the bill was referred to the auditor.

BILL REASONABLE.

Fire Marshal Ball insists that his bill is reasonable, and that as he was occupied in business for the city, it ought to be paid. He was occupied in getting better prices and the best apparatus for the city, to save money and to save lives by increasing the efficiency of his department.

"I did not spend any more than I had to," said Ball, who was not present at the meeting.

"I can account for every cent of that bill, and show that it was a legitimate

INCIDENTALS ANNOY.

While Fire Marshal Ball explains that he was overseeing the manufacture of necessary fire apparatus in the East, including contracts amounting to approximately \$40,000, the fact that he has lumped a number of his expenditures under the heading "Incidentals," is not taken kindly by City Engineer Turner. It is considered by the board of public works that such items as "hotel and incidentals at Syracuse, \$70.30," require a more definite explanation than that furnished by the laconic phrase. This particular item represents a stay of some days in Syracuse during the convention of the International Fire Engineers' Association.

HUNDREDS OFFER HELP IN CARRYING AMENDMENTS

From Every Section Comes Assurance That
Effort Will Be Put Forth to Insure
Success of Measures

Not in vain has the Committee of Progress and Prosperity appealed to the people of Alameda county for their support in the campaign which is to result in the carrying of amendments 52 and 53, in support of the Panama-Pacific Exposition in 1915.

AID IS OFFERED.

The committee's headquarters in the Chamber of Commerce building are besieged every minute with telephone messages offering help both at the polls and in the time which will intervene between now and election day that the vote registered in Alameda county shall be heavier than has at any other time been cast, no matter what the issue.

Lawyers, bankers, merchants, doctors, clerks, artisans and members of all classes of life are evincing a keen interest in the campaign, which as Chairman C. F. Gorman of the committee says, "is based upon a great public enterprise, devoid of party politics and conducted solely upon lines working for the good of the community."

With the \$70.30 for hotel and incidentals at Syracuse, the following items are not considered self-explanatory when they amount up to the tidy sum of \$285.65: Syracuse to Rochester, fare and hotel, \$39; Washington to Columbus, Ohio, fare and expenses, \$44.25; visit to Montreal and Toronto, \$55.50; expenses at Vancouver, Victoria and Seattle, \$34.25; expenses to Eureka Fire Company in New York, \$42.70.

covered," said Mr. Hawley. "However, we have without doubt beaten the world's record by more than 200 miles."

"We suffered greatly from the cold as we tramped away from the America II. We were seriously hampered by the goods we had to pack, for it was absolutely necessary to take along our heavyest clothing besides the remaining food. Frequent rain, waded through streams of ice-cold water. So cold was the weather that at times our clothing was frozen to our bodies. When we came across the transverse the fourth day we could have cried for joy. We were absolutely 'all in'."

buttons which shall control the vote upon these two amendments. Fifty thousand election cards similar to those used by candidates for office will be printed and distributed, both during the campaign and on election day at the polls.

Secretary Cole of the committee is now compiling a complete list of practical workers together with their names and addresses. It is now evident that within a week more than one thousand individuals will be in the field advocating every minute of the day to the voters the necessity for concerted action on November 8.

Requests for information on the subject and for literature now in press by the committee will be cheerfully furnished upon request of Chairman Cole, and offers of help which will make it possible to bring the issue clearly before the fraternal organizations, clubs and kindred bodies should be sent to him. He will welcome assistance of this nature as being an essential factor in the campaign.

The following has been sent to the voters of Alameda county:

"52 AND 53—YES."

"It is essential that you understand definitely the attitude of the committee on Progress and Prosperity in the campaign which is being waged in the interests of Constitutional Amendment 52 and 53 regarding the Panama Exposition of 1915."

"When the representatives of the exposition committee make their claims before Congress for official recognition by the United States Government of the Exposition, as an international affair, there must be no opportunity given to our opponents whereby they shall be enabled to say that the people of California failed to heartily endorse this great enterprise by neglecting to vote for these two amendments."

"The greatest danger which we face is not direct opposition on the part of our voters, but apathy and neglect to register their approval by overlooking these two most important features of the ballot, which is submitted to them on November 8."

HEAVY VOTING.

"This committee is planning to bring to the polls on that day a heavier percentage of registered voters than has ever yet availed itself of the free opportunity to vote in matters connected with our own governing powers."

"San Francisco is depending to a great extent than ever before upon the people of Alameda county. Never has there been a time when that city needed our whole-hearted, earnest, energetic and thorough help as it does today. Every loyal citizen of this community should bear in mind the fact that an opportunity is now being given us to show our dominant strength by standing together with a unanimity of purpose."

IN MANY WAYS.

"You will hear from this committee as individuals in many ways. You will be visited by some one or more of a thousand workers who are determined that YOUR vote on these amendments is essential to victory. You will receive literature through the mails. It will be handed to you by our members and '52 and 53—Yes' will be at your side, will be whispered in your ear, will be before your eyes, ringing and ringing, working and playing until the polls close at 8 o'clock on the evening of November 8."

"This committee is doing its work unselfishly, without any reward other than the benefit to the State of California, and the pride in our own county, and in our own people, who love the land they live in and need only to be reminded of the necessity for their help to carry it through."

"This campaign has nothing of personal politics in its execution. It is the State of California making a successful fight as the people of the West have ever fought, and with your help, your influence and your vote, Alameda county will roll a vote on these amendments next election day in numbers which shall make you boast of your county and your fellow-citizens."

covered," said Mr. Hawley. "However, we have without doubt beaten the world's record by more than 200 miles."

Advocates Sign.als to Safeguard Balloonists

ST. LOUIS, Oct. 27.—A. E. Lambert, president of the Aero Club of St. Louis, and member of the contest committee, which had charge of the international balloon race from here last week, has a plan which he thinks will safeguard balloonists in the future.

He announced today that at the meeting of the Aeronautical Federation to be held in France in January, he would urge that a rule be adopted providing that contesting aeronauts shall carry signal lights on the drag ropes of their balloons.

His idea is that these signals will be like those in use upon ocean going vessels, red, white or green, and above each other according to a code to be adopted.

For instance, two red lights above a green light would indicate that the balloon was of the international color and other signals would indicate each contestant.

Roaring Welcome for Two Heroes Planned

NEW YORK, Oct. 27.—Officials of the Aero Club of America, it is morning began to lay plans for a suitable welcome home to Alan H. Wiley and August Post, pilots of the racing balloon America II, winners of the international cup and holders of a new world's record for sustained flight. The celebration is to be the greatest thing in a romantic circles New York has ever seen.

"The splendid feat of Mr. Wiley and Mr. Post," said President Courtland Field Bishop in a preliminary statement, "deserves the heartiest welcome that can be extended to them. The Aero Club intends to give it to them. We already had plans under way for a big banquet next Monday night to the aviators who are competing at Belmont Park, and if Messrs. Wiley and Post are able to reach New York by that time they will be the guests of honor and the heroes of the occasion."

BIG AFFAIR PLANNED.

"The dinner will not be confined to those who are interested in aviation, but the invitation list will be generally extended to allow representatives of all of the people to honor our heroes. The dinner will be the largest celebration of the kind New York has ever witnessed."

"From the dispatches received today from Mr. Wiley I believe that he will return to New York before next Monday, but if he does not I now that many of the aviators now assembled here will remain to see the Aero Club's celebration."

"The trip of the America II is the greatest event in ballooning this year and will be suitably observed even if the return of Mr. Wiley and his aide is delayed."

cessity for their help to carry it through. "This campaign has nothing of personal politics in its execution. It is the State of California making a successful fight as the people of the West have ever fought, and with your help, your influence and your vote, Alameda county will roll a vote on these amendments next election day in numbers which shall make you boast of your county and your fellow-citizens."

the opinion of the committee, the explosive had been placed.

CHARGES CRIMINAL PLOT.

Muholland's testimony was the first adduced which tended to furnish for the grand jury the evidence which Judge Bordwell charged it must have before even assuming that the wrecking of the Times was the work of human hands. Muholland signed the report of the committee which stated its conviction that the explosion was the result of a criminal plot.

It was learned today despite former assertions and reports that Attorney Earl Rogers would not be in the grand jury room in the capacity of an assistant district attorney. Instead Rogers will be one of the principal witnesses on whose testimony the prosecution rely to produce indictments. He will probably go on the stand before the inquirers immediately upon his return from San Francisco, which will be just as soon as he has completed the task of serving the subpoenas he took north with him.

SUBPOENAED HIMSELF.

Rogers served a subpoena upon himself in his capacity of deputy sheriff just before he left for the north Tuesday night. Up to that time it was intended that he should assist in directing the investigation as a special deputy district attorney. It was believed, however, that he could not be both a witness and a prosecutor without endangering in some degree the value of his testimony.

Mystery Veils Probe Into Dynamite Outrage

SAN FRANCISCO, Oct. 27.—Considerable mystery surrounds the local investigation into the Los Angeles dynamite outrage today, and the movements of Earl Rogers and the detectives from the southern metropolis have not been revealed to the local police authorities. Since yesterday morning Chief of Police Seymour has not seen Earl Rogers, and he was not at his headquarters at the St. Francis Hotel during the forenoon. The bundle of subpoenas brought up from the city have not been handed over to the police for service and this fact is looked upon with some significance.

When interviewed in his office this morning Chief Seymour said: "The investigation, as far as I am concerned, is practically at a standstill. Mr. Rogers has not been here as yet today and he has not told me the names of the persons he intends to subpoena. I think that the Los Angeles grand jury will return indictments at the present time only against the two men, 'Sammy' and 'Bryce,' who are believed to have purchased the explosive from the plant at Giant. I do not believe that the other suspects will be indicted at this time, although they may have some knowledge of the whereabouts of the chief culprits."

HAS NOT SEEN BURNS.

"Has Mr. Burns been in communication with you lately?" he was asked.

"I haven't seen Burns in ten days. He seems to have carried himself off in a mysterious manner."

A letter from Los Angeles awaits Earl Rogers at police headquarters and he is expected to put in an appearance some time today. He is apparently working independently and

Sympathetic Strike Ordered in Chicago

Small-Sized Riot Ensues When
Employees of Tailoring Firm
Are Set Upon.

CHICAGO, Oct. 27.—Peace, expected today in the strike of the union garment workers, particularly those employed by E. H. Schaffner & Sons, was put to rout by a general call for a sympathetic strike and by a small riot which led to the arrest of three strikers early in the day.

Employees entering a North Side branch shop of the tailoring firm, were assailed by union pickets and sympathizers. Sticks and stones were thrown back and forth, but the injuries inflicted were slight.

Three of the assaults were arrested by the detail of police which has been on guard since the first riots, a week ago.

without the co-operation of the local authorities and seems to be making some mysterious moves.

Chief Seymour does not believe that the much-wanted trio of dynamite suspects are in San Juan, his theory being that the local authorities would have heard about their arrest before this.

TVEITMOE SUMMONED.

SAN FRANCISCO, Oct. 27.—Chief of Police Seymour announced this afternoon that among the subpoenas to be served by him for the Los Angeles Grand Jury were two for Olaf Tveitmo of the San Francisco Labor Council and Antoine Johansson.

It is understood that the reason for the delay in the taking of action by the local authorities in regard to the subpoenas was the refusal of Chief of Police Seymour to give his consent to the service of certain warrants of arrest believed to be in the hands of Rogers.

It is expected that Tveitmo and Johansson will go to Los Angeles tomorrow.

PRISONERS GO THROUGH TRAP-DOOR AND ESCAPE

SACRAMENTO, Oct. 27.—Taking advantage of the carelessness of the jailers at the new county jail in leaving a trap door to the roof unlocked, James McCarty and J. Bessinger, prisoners, have made their escape and are still at large. With five blankets tied together the prisoners went over the west wall of the building and made their descent of four stories to the ground without being detected.

McCarty was serving a year for turning in false fire alarms in this city and Bessinger was in for six months on a charge of petty larceny committed at the Southern Pacific depot.

A Gold Bank ---Always

The First National Bank of Oakland was one of the few Gold Banks organized at a time when paper currency was worth less than gold. This bank, and certain others in California, refused to issue paper money unless such money was made redeemable in gold coin, so Congress passed a special law to deal with the situation.

The First National Bank stands now, as it did in 1874, for the best and safest in banking methods, and on its long and honorable record invites the consideration of the public.

Political Forces Gather in Every Part of the County

IS JOHNSON STANDING ON A SOCIALIST PLATFORM, OR HAVE THE DEMOCRATS GIVEN THE STATE REPUBLICANS A GOLD BRICK?

Republican Voters Are Puzzled Whether They Have Eugene Debs or William J. Bryan

for a Leader; the Platform Contains Everything That Is Not Republican,

Says a Disgusted Republican; Party Buncoed by the Railroad Cry

EDITOR TRIBUNE: The campaign is drawing to a close. Since the primaries the Lincoln-Roosevelt managers have been in control of the party organization. They ruled the State Convention. They now constitute the "machine," and Meyer Lissner is its chief engineer. It is time for Republicans to step aside from the hurly-burly, from the brandishing of warlike tongues, and the cyclone of terrifying epithets, and consider results. For the new party bosses, or leaders, as they would be called, are no longer to be judged by their promises, but by their performances.

The Republican elector who reads this year's platform of his party may be excused for wondering whether he has not been tricked by an astute Democracy into an acceptance of that party's principles.

Leans to Socialism

Affirmatively he finds himself committed to the initiative, the referendum and the recall; to the election of United States senators by direct popular vote, and to federal seamanship lines. These may be good things or they may not, since they are purely experimental; but this much is certain, that they declare for an abandonment of the representative form of government which was established with the utmost care by the founders of our nation and for which the Republican party of the past has always stood. They are declarations in favor, not of a republic, but of a pure Democracy, and they are a long step toward Socialism, for if the government is advised by the Republican party to go into the steamship business, what logic shall stop it from going into every other form of enterprise now conducted by private persons and private means?

Employer's Liability

Equally Socialistic is the employers' unlimited liability act called for in this platform. It may be a good thing to make every employer, whether of house servants, clerks or artisans, an absolute insurer, obliged to pay a fixed sum to the injured employee whether the injury is occasioned by the employer's fault or not. If your chauffeur gets drunk, wrecks your car and breaks his leg, it may be quite right to pay him a large sum of money for his pain and injury, but it is Socialism pure and simple, and something, at least, may be said for the poor employer. Who is to pay his loss? Should not the employees also insure him?

As to the Tariff

We are told that the plain solution of that vast economic problem, the protective tariff, is found in a simple adjustment on the basis of the difference of cost of manufacturing the article at home and abroad. But cost fluctuates month by month, year by year. It is an unwritten law of the Republican party that there shall be a new tariff not oftener than once in ten years because of the tremendous business uncertainty and apprehension that results. Will the cost of this year be the cost of the next year, or shall there be a new adjustment every month? And whose cost shall be taken as fixing the schedule—that of him whose product

costs the least or of him whose cost is the greatest? And conceiving that the home cost can be determined by compulsory laws opening a man's private business to public knowledge, is it supposed that we can do the same thing to determine foreign cost? Will we not have to take the statements of foreign producers, and what will those statements be? Will not our Japanese neighbors, for example, declare their cost to be the same as ours to do away with the tariff and so allow free importation of their goods, and will not the result inevitably be the driving of American capital to investment in foreign countries where it can do business on more favored terms than at home?

Woman's Suffrage

Then, we have woman's suffrage. This may be a good thing though our wise forefathers did not think so. It means, of course, prohibition, and is a warning to our wine men, brewery men, hop men and barley men to seek other fields of industry. But in this big state there are plenty of other things which they may do. But apart from them there are many, many people in this state who are not ready to approve of woman's suffrage and prohibition even under the leadership and advice of Mr. Johnson, Mr. Wallace and Mr. Lissner.

But the platform is not more puzzling in its declarations than its omissions. President Taft is the head of the Republican party and the chief executive of the United States. He and his administration record receive no word of commendation excepting insofar as they are endeavoring to carry out the Roosevelt policies. Yet very many thousands of Republicans of California think President Taft worthy of commendation in and for himself and find in his administration much good and effective legislation entirely apart from the specious showiness of the Roosevelt protestations without performance. These thousands of Republicans resent the attempted affront to our President and leader. They profess to see an effort to belittle and ignore President Taft and to turn this state over to Roosevelt for President in the national campaign soon coming on.

Praise for Gillett

The majority of people in this state, Republicans and Democrats, will unite in saying that Governor Gillett has given us the clearest and best administration we have known in forty years. Neither Governor Gillett nor his administration is mentioned in this remarkable platform. It was not an oversight. The Lincoln-Roosevelt committee on platform and resolutions voted down a resolution commendatory of our governor. Governor Gillett is too broad-minded a man to be moved by such pettiness. His conduct has shown it. But thousands of Republicans are resenting and will continue to resent this affront to the state's honored chief executive as they resent the like affront put upon President Taft.

Shutting Off Speeches

The more strongly will they do so since Meyer Lissner, the chairman of the Republican State

Central Committee, has been attempting to order Republican speakers to say no word of praise of President Taft, his administration or the Payne-Aldrich tariff bill. They believe President Taft is entitled to praise and should be praised. They believe whatever may be the inequalities of the present tariff, that California has no cause of complaint, but much cause for rejoicing. They know that the first two items on the list for tariff revision downward are the citrus schedule and the lumber schedule; and that in the maintenance of the present rates California is vitally interested.

Boost Only Johnson

But the Republican elector sees much more than this to puzzle and perplex him. He finds a Lincoln-Roosevelt Republican state campaign committee, whose plain duty is to support every Republican candidate, professing that it is doing so. But he finds that every dollar of the funds which is being paid in on behalf of all the Republican candidates is being expended in the interest of but two, Johnson and Wallace. He finds the newspaper organs of the league subsidized with Republican campaign funds, denouncing Republican nominees who are not Lincoln-Roosevelts and advocating the election of their Democratic opponents. He recalls that Wallace is a Prohibitionist, that Johnson is a Bryanite, who refused his allegiance to the Republican candidates if he were defeated, and he wonders whether if this be the party fealty and allegiance of his chief nominees and leaders, what is to be asked of the rank and file? He listens to Mr. Johnson on the stump declaring for a non-partisan judiciary and knows that Mr. Johnson means thereby to notify the elect to vote for a preposterous Democrat whose election the Republican league papers are openly advocating in an effort to defeat Alameda county's honored and most deservedly popular candidate.

R. R. Talk Buncombe

He is not much excited by Mr. Johnson's abuse of Mr. Herrin and the Southern Pacific, because he knows that they have been eliminated by the primary election, and the most pleasing tune ever played upon one string becomes monotonous after eight months' constant repetition. Moreover, he knows that no railroad legislation can be passed that can hurt the Southern Pacific without also hurting the

ALL MY PIMPLES GONE

"I was ashamed of my face," writes Marie Packard of Alameda, N. C. "It was all full of pimples and sores, but after using D. D. D. Cream I can tell you that now there is no sign of that acne, and that was three years ago." D. D. D. has become so famous as a cure and instant relief in eczema and all other serious skin diseases that its value is sometimes overlooked in clearing up such pimples, blackheads and all other minor forms of skin impurities. The fact is, that while D. D. D. is so potent for it strikes to the very root of eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no harshness for the skin made that can compare with this great household remedy for every kind of skin trouble. D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. It should always be kept on hand. By a recent arrangement with the D. D. D. Laboratories of Chicago you can now get a trial size for 25 cents. This will give you positive proof of the wonderful effectiveness of this great remedy. The Owl Drug Co., Third and Broadway, Tenth and Washington streets, Sixteenth and San Pablo avenue.

Western Pacific and other transcontinental lines, and he knows that the Western Pacific is not to be hurt.

He is not much interested in the question whether Mr. Johnson received ten thousand dollars in the graft prosecutions, and wanted much more; or in the amount of his fee in the Dalzell Brown matter, whether it was five or fifty-five thousand dollars of the depositors' money or five or fifty-five thousand dollars' worth of Western Pacific stock to which the depositors were entitled.

Dissects Johnson

But he is interested in considering whether a criminal lawyer heretofore known for nothing more than a splenetic temperament and a vicious tongue is the proper executive for this great state. He reflects that as such executive his chief adviser will of course be Mr. Lissner. But he remembers when Mr. Lissner was established in this city and charged no more than four percent a month for accommodating the needy, and he wonders what course of study has since fitted him to dictate the solution of the grave political and economical questions, national and state, which are so profoundly disturbing the thoughts of all our other statesmen who have not had the unspeakable advantage of reading Mr. Lissner's platform and hearing him express his views.

ATTORNEY BROWN SAYS HE ACTED FOR PEOPLE

EDITOR OAKLAND TRIBUNE: I note that in the issue of your paper of October 21, in that your paper published a story on the protest against the permit being granted the Standard Oil Company to erect tanks on the Santa Fe right of way near R. R. street you make mention of the fact that Attorney Joseph A. Brown represented the oil corporation and appeared in behalf of the application.

In view of the fact that this is untrue and instead of representing the oil corporation I represent the people who reside in the district surrounding the particular point where it is sought to have tanks erected, I desire to have you correct this misstatement in the paper in an early issue thereof and announce that an error was made in stating that I represented the Standard Oil Company, and that I represent the people in question instead.

As this article will do the considerable injury in causing the people to get an incorrect and false impression concerning me, I trust that you will give it the matter your early attention and send me a copy of the paper wherein you correct this statement.

SPEAKERS ADVOCATE ELECTION OF ENTIRE REPUBLICAN TICKET

Hayward Rally Calls Out Enthusiastic Crowd to Hear County Candidates Boost for Johnson, Melvin, Sloss and Every Man Running for Office Under G. O. P. Standard

HAYWARD, Oct. 27.—A grand Republican rally was held here last night in which nearly all of the nominees for county offices were present and addressed the large crowd that had assembled. Hiram W. Johnson was ably represented in the person of Robert Duke, formerly assistant district attorney of San Francisco, who is now stamping the state in the interest of the men whom he favors is a personal friend of long standing.

Grand preparations had previously been made for the occasion and many people had been looking ahead for a chance to meet the many candidates. The Hayward Concert band had been engaged and played for some time around the fire which burned in front of the Native Sons' hall, in which place the meeting was held. A fire was fired and the whole occasion took on the appearance of a genuine political campaign in days gone by.

STROBRIDGE CHAIRMAN.

Senator E. K. Strobridge of Hayward acted as chairman of the evening and introduced the many candidates. In a short talk upon taking the chair he had a good word to say about all of the county nominees and impressed upon those present the importance of voting a straight Republican ticket.

While each of the candidates had a few words to say, Robert Duke was the speaker of the evening. He stated that he had worked in the district attorney's office with Hiram W. Johnson and to know that the man reported to be now being circulated about the Republican nominees for governor were false. He said that Johnson was the choice of the majority of the people of the state of California, and that every Republican should support him in the coming election.

SLOSS AND MELVIN.

Duke also advocated the election of Judges Sloss and Melvin, whom he said would not appear before their constituents of the office which they held, and said that no man would make a mistake in voting for both of these men. He also spoke of Judge Thomas J. Lannon, Republican nominee for the appellate court.

During the course of the evening Duke said in part:

"The primary law has given the people a chance to rid the state of the influence which has been corrupting its politics for years. The Republican ticket that has been given to you for our consideration this year has not been selected by any particular base or set of men, but it is the choice of the majority of the people in that party. Being the choice of the party it now behooves you to stand by that choice and your party."

UNDUE INFLUENCES.

"When we entered upon this campaign the state was dominated by undue political influences. We pledged ourselves to kick this influence out. We have handed this undertaking up to our nominees for governor, and knowing him, I do, I know he will live up to it. I promise."

"Some men can only make their fight by attacking the character of their opponent. During this campaign the opponents of Johnson have looked this state over for something with which to vilify him. The opposition newspapers have printed columns after columns stating that he defamed J. Dalzell Brown while he was in the district attorney's office. This is a falsehood for I myself was in the district attorney's office at the time and know that Hiram Johnson left that office at least a month before he took the case of Brown. He publicly

announced his departure from the office and when he defamed Brown he did nothing more than any reputable lawyer would have done."

PREDICTED A TACK.

"He told you before a primary election that his opponents would make an effort to vilify him and what he told you then is coming true. These reports, however, cannot hurt him for he is a man above reproach and will win out at the coming election."

"We have a platform that can be read and understood by any man. We believe in a referendum and recall. We believe in the Japanese and Chinese exclusion laws which would give the American his own living wage. We believe that all men should be held equal before the law. We should not punish a man for stealing a loaf of bread and put a halo on the head of the man who steals a diamond."

"I could go on and on telling you of the many reasons why you should vote the straight Republican ticket, but there are many candidates here this evening who wish to say a few words. In conclusion I would say that when you go into the election booth take every member of your family with you. Vote to rid this government of a little better than when you found it. When you have done that you have done your duty as a citizen and a man."

ON PRIMARY LAW.

A. A. Rogers, Republican nominee for the assembly from the Forty-sixth district addressed the crowd and said that he did not have a long record upon which to fall back, he was asking for their support upon what they could expect of him if he were elected. He spoke only a few minutes and outlined his policy as briefly as possible.

Rogers stated that he was in making the primary law he was endeavoring to do the best for the people. He believed that men who committed their crimes would not be looked upon with honor and that men who have served their fifth and sixth terms he believed in amending the existing law so as to prevent any possibility of a fight such as was held in Reno and which would have been held here had it not been for the firm stand taken by the state of attorney. This taken up by the state of attorney. This would be a real regular so that there would be no doubt as to what was meant by a "boxing match."

NO COUNTY DIVISION.

He does not favor county division and if elected, invites the people to come to Sacramento to help defeat this measure. If brought up, he would not be compelled to furnish criminals with all their secret information before bringing them to trial and later the members, themselves, be tried and harassed in court. He believes that the men ought to bring a verdict in all cases where the death penalty is no inflicted. He said that it is hard to get twelve men to see on anything and many states have found it better to have a jury bring a verdict when nine of its members are of one mind. He said that he would support the law in amending the race track betting law so as to stop all illegal betting. He said that a law has been found to get around the present law in California, and he favors a law such as is now in force.

BRADFIELD REGULATOR CO.,

in the state of New York and, if elected, he will introduce such a bill.

PRaises CANDIDATES.

W. H. Donahue, candidate for reelection to the office of district attorney, spoke a few words of praise for the different county candidates for county offices and especially mentioned those who lived in that community. He impressed upon those present that they must stand by the ticket from governor to constable and predicted that Johnson would be elected by the largest majority ever given to any candidate in the State of California.

Henry P. Dalton, nominee for assessor, spoke in favor of amendment No. 1, which separates county and state taxes. He said that Alameda county would save \$550,000 in taxes if this amendment were carried while the amount paid by the corporations into the State treasury would only reach \$250,000, which would be a great saving to the county. He recommended the election of Johnson and said that his election would mean the election of the entire Republican ticket.

Dr. H. B. Mehmman, who is seeking the office of public administrator, thanked the people for the liberal support given him in the past and asked for their support again at the coming election. He referred to the primary law and said that when candidates have been chosen by all the people no one need be afraid of the results.

ATTACKS METHODS.

G. W. Price, nominee for county superintendent of schools, attacked the methods used by his opponent, whom he says is misrepresenting facts. He gave as the reason for the great increase of cost of the schools the rapid growth of the county which he says has nearly doubled in the past few years. He denied the charge that the school funds had been lavishly expended.

Sheffield Barnett thanked the people for what they had done for him in the past and asked their continued support. He wanted all to vote for the straight Republican ticket from governor to constable. Frank Garrison, who seeks the place of auditor, thanked the people for what they had done at the primaries when that particular district gave him a large majority and promised fair and honest government in the coming election.

ASKS FOR SUPPORT.

W. H. Bridge, candidate for reelection for superior, gave a brief history of his work while in office and asked for the continued support of the people. He said that he had promised to build up no roads and he had done it. He is the best of his ability. He said that he believed in a reasonable tax rate but did not believe in bonding Alameda county for roads, and expressed the belief that the roads in this county were as good as any where in the state. He said that he would support the law in amending the race track betting law so as to stop all illegal betting. He said that a law has been found to get around the present law in California, and he favors a law such as is now in force.

SUMS UP ISSUES

Although he gave over most of his speech to summing up the issues in the campaign and arguments in behalf of the election of a full State ticket as the one sure method of forever dispensing with the interference of the railroad and governmental affairs, Johnson read new extracts from the Theodore Bell campaign speech of four weeks ago.

In addressing the crowd Johnson said: "We are coming to you tonight not because there is any doubt as to the outcome of the election, but because it is our duty to tell you the truth. Predicts Landslide At Coming Election

"After traveling seven weeks continuously throughout the State, I am glad to say that my fight for the governorship is won. Everywhere I find the people only too glad to accord to me the credit for taking up the battle against railroad domination in California four years ago. They have seen good results flow from the work that I did at that time, and I am assured on all sides that they only await an opportunity to reward me for the sacrifices I necessarily made."

"I shall carry all the counties north of San Francisco bay, with possibly three exceptions. In the San Joaquin valley we concede not more than two counties to my Republican opponent. Of the mountain counties I do not believe that I shall lose one."

"In San Francisco I am assured a very substantial majority. Here in the Southland I expect to receive a very large vote. The shippers and producers of Southern California have not forgotten that I was the only representative from California in the Fifty-eighth Congress that voiced their appeals on the floor of Congress for an amendment to the interstate commerce law conferring the rate-making power on the Interstate Commerce Commission."

"After his assault I remained silent because I did not wish any personal alterations to enter into the contest. The fight for the governorship ought to be fought on high ground. And I shall continue to the end of the campaign to make a manly, decent and dignified fight. If I cannot be elected governor as the result of the calm judgment of the people of this State, I do not want the place."—THEODORE BELL

KAHN GREETED BY BIG CROWD

Congressman Dwells On the Accomplishment of the Republican Party.

SAN FRANCISCO, Oct. 27.—With the characteristic enthusiasm of the people of the North Beach section the voters of the Fifth district turned out in masses at Washington Square Hall last night to hear Congressman Julius Kahn and local candidates of the Republican ticket.

Every mention of Kahn's name brought out ovations and when the Congressman was introduced by Chairman F. Hillebrand the entire assembly broke out in a chorus of applause which wound up with three prolonged cheers for Kahn and the Panama Pacific Exposition.

Congressman Kahn spoke briefly, saying to the fact that he was scheduled to attend a second meeting in the southern end of the city. First he dwelt upon the accomplishments of the Republican party and he said that the Republican administration means good things for the people of California.

He then dwelt upon the accomplishments of the Republican party and he said that the Republican administration means good things for the people of California.

SUNDAY BLUE LAWS ARE SCORED BY SAVANT

The Massachusetts Prohibitory Sabbath Statutes Defeat Their Purpose.

FAVORS RECREATION AS YOUNGSTERS' PASTIME

President of National Playground Association Pleads More Liberal Measures.

FITCHBURG, Mass., Oct. 27.—"Our Sunday law defeat the purpose for which Sunday star." They forbid its true observance," said Joseph P. Lee, of Boston, president of the National Playground Association, in a report to the eighth annual Massachusetts State conference of churches.

Lee made a plea for more liberal Sunday laws, adding that to turn a whole juvenile population loose without work without play and without school, or one day every week is to take the most effective possible means for the promotion of lawlessness and demoralization.

Commissioner Favors Play If Restricted

Commenting on Joseph Lee's statement, Mrs. Cora E. Jones, a member of the playground commission, said this morning:

"I think the playgrounds should be open on Sunday afternoon. If the playgrounds are supervised on Sunday afternoon as they are during the week I do not think the influence of simple well directed play will be harmful.

I do not believe in baseball on the playgrounds on Sunday afternoon or any other games as that may be one of the forms of play that may promote the lawlessness and demoralization which President Lee refers to.

WOULD USE STREETS

"I am of the opinion that the boys and girls would play on the streets if they did not have the playgrounds in which to frolic on Sunday. I do not think that football recreation on the Sabbath would have a demoralizing influence upon the young during the few hours they are allowed to play on Sunday afternoon.

I would not advocate undirected play on Sunday or any other day in the week. I do not think that it would be a benefit to the little folks."

Mrs. Jones was one of the prime movers of the establishment of the playgrounds in this city.

ALLEGED PICKPOCKET TRIO LODGED IN JAIL

SAN FRANCISCO, Oct. 27.—Lawrence Spencer, Baldridge Cuthbert and Charles F. Decon three recent arrivals from Chicago were arrested late last night by Detectives Gibson, Mulvihill, Murphy and McGuire and booked in detention at the city prison.

ANOTHER SMOKER SAVES HIS \$30 A YEAR

Fallacy of Paying Full Price for Cigars Is Rapidly Dawning Upon the Smokers. Cut Rate Prices Mean Big Savings.

I do not know where I can save \$30 a year any easier than by walking a mile a day and taking advantage of Ogden's cut rate cigar prices. I am a friend of San Francisco's communist man who is residing in Oakland and who I was a little bit skeptical regarding his plan, but I must confess when I paid a dime for a first class ticket I only bought one ticket. I found that I was actually saving a lot of money. In fact, I have saved \$30 a year. I tried to do it in a good line of cigars and I found that the standard brand is as good as any brand in Oakland.

POETIC THESPIAN OUSTED FROM THEATER

The Scantly Draped Figure of Raymond Duncan Denied Use of Savoy.

FOUND FAULT WITH VIOLA ALLEN'S ACTING

Esthetic Exponent of Greek Art Replying Says He Meant Nothing Personal.

SAN FRANCISCO, Oct. 27.—Raymond Duncan, he of the scant drapery and gaunt appearance but of artistic and poetic soul, with the rich blood of his Grecian ancestors flowing turbulently through his veins and keeping out the biting cold of the San Francisco fog, had a fight on his hands.

True, it has been a mild sort of warfare, and no blows have been struck, nor has the cloak of barfap nor the other filmy garments been torn from the classic form of the exponent of bare-limbed art.

It was merely a sort of professional warfare, and according to Manager F. W. Busey of the Savoy theater, had to do with Duncan's criticism of Viola Allen, the renowned actress, and remarks made about Prof. Armes of the University of California.

TOLD TOO MUCH FACT.

"The man was guilty of very unprofessional conduct," said Busey, this morning. "He found fault with the morning theater. He criticized the performance of Miss Allen, and said it was a shame he had to return to San Francisco to play in such a place. Rather than play in such a place, he should have stayed in his own country."

The exponent of true art, and of the free but not of the wholesome abandon of the ancient dancers, denied Busey's implication.

"I did not criticize Miss Allen," he said in delightful English. "I criticized her methods of acting, as the methods of all actresses of the modern school. I did not criticize Professor Armes, but the press and it was their desire to turn my comment away from the theater and to the implication that I had gone after the college man. My exact words were: 'I must tell the press of San Francisco that they would be able to assist us in many ways.'"

EXAGGERATES PROFESSOR.

"Your support is of no moment to me one way or the other, but you might put right Professor Armes, who was placed in a very ungentlemanly and embarrassing light by the state of mind that he had in the use of the Greek theater, whereas as a matter of fact I had never asked for its use."

The reason for my transfer to the Novelty was because of the clamorous crowds who desire to see my performance and who could not be accommodated at one matinee.

CHILDREN BY SCORE OUT OF SCHOOLS BY FRAUD

Superintendent McClymonds Charges Wholesale Violation of Compulsory Law.

CERTIFICATES FORGED BY PARENTS, SAYS INSTRUCTOR

Urges That System of Athletics Be Established As Part of Regular Curriculum.

That a large number of children who could be attending school according to the state law which makes it compulsory for these under 16 years of age to be enrolled in some educational institution are being placed in stores and factories by their parents in a manner or another to avoid the school law is the statement of Superintendent of Schools J. W. McClymonds.

McClymonds issued a circular letter to the principals of the schools in the city, urging them to pay particular attention to the matter and report immediately any breach of the regulations to his office in order that action may be taken against the parents.

DEPRIVED OF EDUCATION. I am believed by the superintendent that hundreds of children who should be in school are being deprived of educational advantages and are offered them the circular reads as follows:

There are some children who hold age and school certificates who appear to be young. If there is any doubt on the part of the principal when a pupil appears to be a child, the principal should call upon the officer who will make a investigation in order to see if the certificate is genuine.

It is believed that some certificates have been forged. Do not leave blanks in the school where a child may obtain a certificate. The principal must take care to see that the certificate is genuine. If a principal who permits a child to obtain a blank certificate is guilty of a breach of the regulations, the principal will be held responsible.

Meetings of teachers and principals have been called by McClymonds as follows: On Wednesday, October 26, principals of commercial departments and teachers of commercial departments. On Thursday, October 27, the drawing teachers. Monday, October 28, the teachers of domestic science in high schools and on Wednesday, November 1, the teachers of ancient and modern languages.

The suggestion of Superintendent McClymonds is that a system of compulsory athletics be established in the schools. The system has been referred to the city board of education and will likely be referred upon at a future meeting of the board.

The system outlined in the report calls for the selection of the masculine students into three groups to be known as Juniors, Middle and Seniors. The division is to be made on a basis of age and ability. The students falling within one of the three classes shall compete among themselves in various sports and games.

TO BE REGULAR COURSE. At the first regular course of the school, the students will be given a thorough review of the material covered in the previous year. The students will be given a thorough review of the material covered in the previous year.

The finest piano playing heard off the concert stage is in homes where there is a Pianola Piano

One of the most astonishing things about the Pianola Piano is the ease with which people learn to play it.

If you go to the home of some friend who has a Pianola Piano, you are naturally eager to have him play it for you. It does not seem so marvelous a thing that your friend who previously knew nothing of music, is actually playing.

But what does astound you, however, is the quality of his playing, and the ease with which he secures effects for which even the best artists are compelled to strive.

The Metronome shows you how a person entirely without musical training is able to play with the interpretation and feeling of a Paderewski or a Carner.

The Thematic enables the performer to give just the proper shade of emphasis to the air or main theme and to produce beautiful cantabile effects.

The Graduated Accompaniment furnishes the necessary varying background for the melody.

The Sustaining Pedal Device gives complete mastery of the difficult art of taking pedal.

An evening spent in the company of anyone who owns a Pianola and takes an intelligent interest in music, is the next best thing to attending a recital by some gifted artist.

The genuine Pianola is built into only five pianos—the Steinway, the Weber, the Steck, the Wheelock, the Stuyvesant. The full line of Pianola Pianos only at Kohler & Chase.

OAKLAND'S CLIMATE CAPTIVATES TOURIST

Col. Theron Welch Hereafter to Spend Winters Here Instead of at Los Angeles.

Colonel Theron Welch, one of the leading designers of the city of Los Angeles, has in this city for a few hours yesterday on his way to Los Angeles where his wife who is in delicate health has been in the habit of spending the winter for several years past to escape the inclemency of the season in Chicago.

This is the first time that the colonel has visited Oakland, and the effect which the pleasant weather produced upon him was so favorable that he decided that hereafter his wife would spend the winter months in this city instead of in Los Angeles.

I had no idea, said the colonel, that Oakland enjoyed so much warmer weather as this at this time of the year. This is because I have not taken the trouble to investigate the matter for myself. In the southern part of the state I have been told time and again that there is nothing but rain and winds in the section of California during the months which we in the eastern part of the country consider as winter, but I find that such is not the case. To my mind this is a delightful climate. It is just the kind of weather that my wife is looking for and here I know she will be glad to pass away the coming winter and the winter which will follow.

There is another attraction here that is not furnished by Los Angeles and that is the beauty and the variety of the scenery. In both these respects Los Angeles has nothing to offer. I reached some other locality generally on the shores and there at times the beauty of the scenery is so severe as to be a week's son through and through.

I found that to be the case several times at some of the resorts which the tourists are in the habit of visiting when they desire to escape the monotony of life in the hotel in Los Angeles. I can recall two instances of the effect. One was experienced while I was at Santa Monica and another at Long Beach. On each occasion on the breeze was a mingling from the ocean as to the sea and the winds which sweep over the beach. I saw tourists who had been in the search of mild weather, and who had found it in Los Angeles, but who had seen the ground which is truly the case in the city of Chicago.

NEWS OF THE OIL FIELDS

IMPORTANT STRIKE MADE IN NORTH MIDWAY FIELD

Tumbador Derrick Deluged by Oil in Spite of Water; Other News From Various Sections

BAKERSFIELD, Oct. 27.—An important strike was made in the North Midway field yesterday afternoon when the Tumbador Oil Company secured a well 1,500 feet deep, which is the first of the kind in the field.

The well was struck in the top of the oil field, and the oil is flowing freely. The Tumbador Oil Company is now working on the well, and expects to produce a large amount of oil.

There are now 300 new wells in the course of construction in the North Midway field, and it is expected that the production of oil will be greatly increased.

CADETS WILL GIVE ENTERTAINMENT IN ARMORY

Pretentious Performance Will
Be Given to Raise Money
for New Uniforms.

Miss Valma Hardy, a graduate of Oakland High School, will take the leading part in the military drama, "Between Two Foes," which will be given November 10 and 11 in the Cadet Armory, Eleventh and Market streets. For several weeks the performers have been rehearsing for the production, which will be one of the most pretentious performances ever given under the auspices of the cadets. The proceeds of the play will be turned into the treasury of the corps for new uniforms for the cadets.

Last year \$500 was raised by the last entertainment given in Ebel Hall, for the same fund, and with that sum added to that which will be realized by the coming show will purchase the uniforms. They will be gray with bright red trimmings.

They will be unlike those of any other military organization and the cadets expect to wear them at their functions next year.

Croquet Tables Please Cole School Girls

Two croquet tables have been installed in the Cole school for girls and since the game has been introduced in the school the little women have dropped many of the other activities. The basketball team of the school is doing excellent work this term and the interest in the sport will continue until the end of the term and in January a new team will be formed. The team is composed of Lila Brearty, captain and guard; Louise Richardson, goal; Elma Woods, Grace Hediger and Ruth Nutting, centers and Ruth Richardson, guard.

The boys' basketball team is doing excellent work this year under the leadership of Harvey Lewis, captain and forward; Clifford Holz, forward; Philip Walton, guard; Wendell Luhn, center; Walter Burkstein, guard and Walter Clambruno, guard.

Nine-pins and bean-bag are very popular games in the Cole school and are closely followed by the younger children of the school.

The library, which is one of the most interesting features of the school, is in charge of Lila Brearty, who acts as librarian and her assistants, Anna V. Italy and Constance Lake.

Grant School Pupils Plan Entertainment

Invitations to the number of several hundred have been sent to families and friends by the pupils of the Grant school for the afternoon of music to be given Friday in the assembly hall of the school. Miss Kathryn Ziegenfuss and Miss Jeannette Mackfield will render solos, and a trio composed of Leon Chamberlain, cellist; Quinto Maganand, tautist, and Hascall Waterhouse, pianist, will give several selections. The Girls' Choral Club of the school, of which Miss Kathryn Ziegenfuss is president, will render songs by Schubert and Greig and the "Soldiers' Chorus" from Faust, and the school orchestra will render a number of selections.

Fremont High Sophs Plan Masked Dance

The first annual function of the sophomore class of Fremont High school will be a masquerade dance, to be held at Eagles' Hall, East Fourteenth street near Lisle, October 28. The decorations, in accordance with the Halloween season, will be artistic and unique, and refreshments will be served. A number of dances will be offered for the most sustained character, the most original costume, the best couple in character and the most ridiculous couple. Miss O'Connell is the class supervisor and the other officers are: Miss Frances Lowell, president; Clyde Sheed, vice-president; Miss Fane Kessler, secretary, and William Tabb, sergeant-at-arms.

Handball Teams in the Prescott School

The boy athletes of the Prescott School have organized two handball teams and before the close of the term the members of the squads will be entering into contests with other teams. The members of the teams are Herbert Fahy, left side; William Haynes, center; Thomas Duran, right side. On Wednesday afternoon that team will play the "Bunt" school.

Plans Accepted for Two New Field Houses

Plans for two new field houses at the De Fremery playground, one for the boys' athletic field and one for the girls' section, have been accepted by the playground commission. An outdoor gymnasium will also be constructed. The buildings will be erected at once.

Oakland-Berkeley Rugby to Be Re-played

It was decided yesterday by the Bay Counties Athletic League that the Oakland-Berkeley Rugby game would have to be played again. The Berkeley team was victor by a score of 3 to 0 last Friday afternoon, but owing to the second half being seven minutes short Oakland protested the game and was upheld by the league.

BASKETBALL GAME. Franklin School will meet Garfield at basketball today on the Franklin field. A good game is expected.

Tiny Dancer and Singer Makes Hit Before Fall Lights

Margaret Millican, little dancer and singer.

Among the most talented girls of the Grant school is Margaret Millican, the seven-year-old daughter of Mr. and Mrs. Kenneth Millican, who is a clever dancer and singer. Recently little Margaret took part in Captain Jinks of the Horse Marines, which was given at the Liberty Theater, where the tot made her initial appearance.

Margaret has stage aspirations and according to the statements made by her parents she will probably adopt dramatic work as a profession.

Junior League Jaks Defeat the Angels

The Oaks of the Junior League defeated the Angels by a 9 to 4 score on the Lake Merritt diamond yesterday, winning the game in the last inning by a home run knocked by Henshaw. The Maurer brothers did good battery work for the Oaks, while Henshaw and Woolsey upheld the Angels' end.

At Fruitvale, Vernon and Portland played seven innings with a score of 7 to 7. The standing of the Junior clubs follows:

Team	Won	Lost	Pct.
Vernon	3	0	.100
Los Angeles	3	0	.100
Oakland	4	2	.666
Portland	2	7	.222

Playground Field Days to Be Held Monthly

Beginning Saturday, October 29, field days for the school children will be held at all the playgrounds of the city on the last Saturday of every month.

The program will consist of relay races, charcoal races, 40-yard dash, 25-yard dash, potato races, Indian club relay, three-legged races, basket-ball, distance throw, right and left straight arm, baseball throws, goal throws of 5 and 20 feet radius, batting for averages, and quoits pitching.

The meets are held under the authority of the playground commission and the athletic league of the public schools, and will be under the direction of the playground attaches. The records made by the young contestants will be posted at each playground.

Mrs. Eleanor Carlisle to Address Mothers

Mrs. Eleanor Carlisle, a member of the Board of Education of Berkeley, will deliver an address November 15, before the members of the Mothers' Club of the Lafayette school, Seventeenth and West streets. Mrs. M. E. Van Loven, president of the club, will preside.

At the regular meeting of Dr. Foster, medical director of the schools of Oakland, gave a talk on "Health."

A number of boys and girls attended the meeting and entertained the members at the close of the program.

A special mission of the club is to interest the parents of the children in school work.

WADE CHANCE WOULD DIVORCE JED WIFE

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

SOCIETY

MISS HAZEL WOLFLING and Walter J. Selby were married last night at a ceremony held in St. Francis de Sales Church in the presence of a large number of guests. The church was banked in pink roses and greenery and Rev. Father Charles Baschab read the impressive marriage ceremony.

The bride wore a gown of white satin, beautifully trimmed in hand embroidery and lace, while the long wedding veil was confined with orange blossoms. Miss Mary Wolfing in blue chiffon over pink satin, attended her sister as bridesmaid.

Albert Selby was the best man and Clarence Selby and Chester Otis were the ushers for the occasion. Following the church service an informal reception was held at the wedding residence, Linda Vista Terrace, which was decked in enchanting carnations. Mr. and Mrs. Selby left on their honeymoon and upon their return will live in this city, where a new home is being made ready for occupancy. The bride is the daughter of Mrs. Mary E. ELEANOR SEARS ORDERED TO STAY ON GROUND

It's Case of "Mother May I Go Out to Fly?" "No, My Daughter!"

Maud Lillian Berri Tells Moulton to Stay in Own Back Yard.

NEW YORK Oct. 27.—There promises to be a neat little split in the exclusive Sears family of Boston because of the expressed determination of the wife of the late Mr. Sears to take a trip to Europe.

The news of Miss Sears' late at and most daring feat reached her on the morning paper. Her brother was indignantly told that she was a disgrace to the family and that she must either promise to be good and not attempt any further flight or to leave the family home.

She telegraphed to her mother and father and told them that she was not sure but that she would not leave the family home.

PINS FOR PUNISHMENT

CHARGED TO TEACHER

OROVILLE, Oct. 27.—Alleging that Principal H. P. Short of the Oroville Grammar School resorted to unlawful forms of punishment, J. M. McGee, a prominent attorney of this city, has filed formal charges with the school board.

He alleged that on one occasion, for some small offense, his 12-year-old daughter and another girl were called into the principal's office and were made to stand up and stick pins into each other. On another occasion his daughter was compelled by Principal Short to wash out her mouth with soap and water.

CLAIMS TO BE GREATEST MOTHER.

LOUISVILLE, Ky., Oct. 27.—Mrs. Jane Morris, residing in the foothills of Cumberland mountains in Jackson county, lays claim to being the greatest mother in the world. She boasts of 518 descendants, nearly all of whom are living. None of them has ever been accused of an offense against the law.

MORE MEN JOIN STRIKE

OF EXPRESS DRIVERS

NEW YORK, Oct. 27.—Express strikers troubles on the New Jersey side of Hudson river multiplied today. Besides the drivers and helpers of the Wells Fargo Express Company who went out yesterday in sympathy with the striking employees of the United States Express Company in Jersey City and Hoboken, the helpers on the Adams Express Company's pier in Jersey City went out today. They number several hundred.

GENERAL APPRAISER TO ARRIVE.

SAN FRANCISCO, Oct. 27.—General Appraiser S. B. Cooper will arrive in this city the early part of next week to hold court in regard to appeals. He will be accompanied by Assistant Attorney General D. Frank Lloyd of Washington, D. C., who will look after the legal branch of the hearing. General Appraiser Cooper was appointed to the post upon the retirement of Marion DeVries.

VEHICLES ENTERED IN COMING RACES

Announcement to This Effect Received by Local Agent; Dealers Meet Tonight.

By J. A. HOULIHAN.

According to an announcement made yesterday by C. R. Allen, Velle agent here, there will be a Velle car in the various races which are on the schedule for this state. "Dare-Devil" Stickney, with his racing Velle, has arrived in Los Angeles to take part first in the Los Angeles-to-Pico race November 11, and then in the Santa Monica road race on Thanksgiving day. Later he will participate in the motorhome race on the coast. President Hughes looks for some good performances on the coast.

DEALERS MEET TONIGHT.

The regular meet of the Oakland Automobile Dealers' Association will be held tonight at 8 o'clock in the Forum. A large gathering of the dealers is looked for. Important matters pertaining to the Portland race will be discussed at length. R. H. Morris will preside as chairman.

DELIVERY OF WHITE TRUCK.

C. A. Hawkins, Pacific Coast manager of the White Company, reports the recent delivery of two five-ton White gasoline trucks to the Milway Road Race Company of Seattle. These trucks will displace thirty-two horses and will be used in hauling cement for the construction materials from Boring to the site of the concern's new power house on the Bull Run river.

8000 MILES ON DIAMOND TIRES.

J. W. Nickerson, a member of the Bull Run-Nickerson Company of Los Angeles has just advised the local branch of the Diamond Rubber Company that he has received 8000 miles of service from an entire set of Diamond tires without puncture or blowout. These tires equip his Ford car and at least three of them look good for an additional 4000 miles.

HAYNES FOR INSURANCE MAN.

Among the most recent deliveries of Haynes cars is that just made by the Haynes Auto Sales Company to Marshall A. Frank, the well-known insurance man. Another car of the same make has also just been delivered to Smythe Bros., the fireproof contracting firm.

HUPP LIMOUSINES ARE POPULAR.

That preparations are being made for winter touring is indicated by the number of limousines and coupes that are being delivered to local motorists. Prominent among these are the Hupp limousines, which have found an unusual demand since their recent arrival on the Oakland market. Complete disposition of the first shipments of this small inside drive machine has been made, and the Oakland Hupp Motor Company is now unloading some new arrivals of the same type which came in with a carload of limousines from the factory yesterday.

ELECTRIC FOR SOCIETY WOMAN.

Mrs. F. E. Wells, a prominent society woman of Oakland, recently joined the ranks of motorists by becoming the owner of a model 17 Studebaker electric. Mrs. Wells' car is of the drop front landaulet type, the most popular style of the eastern cities. Her car is sumptuously furnished, and will be used by its owner exclusively for her shopping and calling.

CAPTAIN SAVED FROM SINKING SHIP

Brave Skipper Is Taken Off Wreck Just in Time to Save Life.

GALVESTON, Tex., Oct. 27.—After having been abandoned by his crew of seven men and refused, or at least not furnished with food or water, the captain of the schooner Holliswood was picked up ten miles off the Campeche banks Thursday, Oct. 20, by the schooner Parkwood, which arrived here yesterday.

Almost dead from exposure and delirious from hunger and drinking salt water for eighty-four hours, the captain regained consciousness when aboard the Parkwood and threatened to go back to the schooner unless the Parkwood would bring the distressed ship to port.

Captain Falcon of the Parkwood feared to tow the rudderless, mastless, sparless and dismantled ship, but he agreed to take her in. But he finally decided to make the try and for a week he battled with the tow while the old captain watched from the rail of the steamer.

Sending us to sleep, he did not go aboard the schooner Haroid, which took his crew off the helpless schooner, the captain said.

WOULD TAKE CHANCE.

"I refused to go because I was willing to take a chance with the Holliswood, as the wind was blowing. But when I was picked up October 20 I had suffered for food and water and exposure from the heavy seas that washed the schooner for days after the Haroid left. The Haroid did not leave me a crumb nor a drop of water. I had none aboard for me, but our supplies before the Haroid took off my men."

I saw a distress signal, but lost consciousness some hours before the Parkwood sighted it and came to me."

ALLEGED LEPER TAKEN BACK TO STOCKTON

VALLEJO, Oct. 27.—At the conclusion of a conference between Chief of Police Stanford, City Attorney William T. Cullen and Health Officer Ford yesterday afternoon, George Pickert, an alleged leper who has been confined in the city prison since last Friday, was taken aboard a launch this evening and started on his way to Stockton. With him is Deputy Sheriff Robertson, who has a permit from the State Health Board to leave him at the Gate City.

The controversy over the disposition of the man has been going on ever since his incarceration. The Vallejo officials do not want him here, and the San Joaquin county officials refuse to take charge of him, claiming that he isn't a legal resident.

SHARES FORTUNE WITH EMPLOYEES

New York Manufacturer Wills Residue of His Estate to 1200 Workingmen.

MINEOLA, N. Y., Oct. 27.—The 1200 workmen in his factory as a made residuary legatees of the \$600,000 estate of Isaac Smith Rensen, a New York manufacturer, who died at his home here recently. His will has just been filed for probate. The clause relating to his employees says:

"Observation and relation have caused me to conclude that a certain amount of success in general business is due to faithful employees and that they are entitled to share in estates which naturally have been increased by their co-operation."

"With that in mind, I bequeath the residue of my estate to its officers and employees of my factory and also to my domestic servants."

The employees are to share according to length of service. Workmen who have been employed five years will receive about \$500 each.

Feet Tired—So Tired?

TIZ Makes Sick Feet Well No Matter What Ails Them.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore proof.

It's the sure remedy, you know, for everything that gets in matter with your feet. It's for sore feet and for aching, hot, swollen feet, and for corns, callouses and bunions.

"For years I have been troubled with sore and tender feet; I suffered intense pains. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires is to be known to be an unversally used."

TIZ is not powder. No orders and other remedies clog up the pores. TIZ draws out all poisonous excretions which bring on corns, bunions and callouses. It's the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again, or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale at all drug stores, 25 cents per box, or it will be sent you free, if you wish, from Walter L. Ther Lodge & Co., Chicago, Ill. Recommended and sold by

DEMANDS HIS MONEY WITH AID OF PISTOL

SAN DIEGO, Oct. 27.—A tall, heavy man, much under the influence of liquor, appeared at the La Jolla branch of the Southern Trust Savings bank yesterday afternoon, and going to the cashier's window, said:

"I want my money. Give it to me or I'll make things warm for you," and at the same time he thrust a revolver into the face of Cashier W. H. Bradley. The latter argued with the man to gain time, and Deputy Sheriff Rannels, who happened in the bank, grappled with the intruder, knocked him down and handcuffed him. Detectives brought the prisoner to this county jail.

He proved to be D. G. Jones, a resident of La Jolla. The revolver with which he had threatened the cashier was not loaded.

GOLD RUN STRUCTURE DESTROYED BY FIRE

ATMINTON, Oct. 27.—Fire Tuesday night destroyed the Stewart hotel at Gold Run, owned and conducted by James D. Stewart. The loss on the building and contents will amount to \$10,000, with \$1000 insurance. The Blue Canyon fire train of the Southern Pacific was rushed to the scene, but arrived too late to do any good.

Edward Gray, a telegraph operator, was asleep when the fire broke out and made his escape through the flames in his night clothes. The fire started on the roof of the main structure and had a big start before it was discovered. The building was of wood and the water supply for fire purposes was limited, so little could be done to save it.
